HIGHBINDERS AT OUTS SAN DOMINGO IS HELD

Two Chinese Societies Are Causing Trouble at Portland.

FIGHTERS OF FAME.

Fifteen of This Kind of Celestials Are at the Scene of Action and the Opposition Will Also Import Warriors.

Portland, Ore., March 24.—Not since the fierce Highbinder fight, fifteen years ago, when several Chinamen were killed in Chinatown, has the Chinese section of this city been in such a state of uproar and excitement. Two leading Highbinder associations of the city have declared open warfare, and two more leading societies are fast being drawn into the trouble. The Po Ling Tong and Bo On Tong societies are leaders in the fight, and are making preparations to contest to the bitter end. Fifteen Chinese of fighting fame arrived here from Astoria Sunday night, to be on hand when the trouble comes to a head. Astoria Chinamen belong mostly to the Po Lin Tong, and it is said the Bo On Tong have sent to San Francisco for a delegation of Highbinders. The Hop Sing Tong and Sui Sing Ton, leading societies of Portland, thus far have refused to be drawn into the dispute.

Chinese thronged police station Monday night and told tales of fear to the police. The chief of police informed them he would have a double patrol in Chinatown until the trouble is abated.

SHOT EX-LOVER.

Miss Jessie Waggy Fatally Wounds Young Medical student.

Weston, W. Va., March 24.—Miss Jessie Waggy, the pretty daughter of William Waggy, a prosperous farmer, near here, shot Ralph McDannaald, the son of the late ex-Sheriff Addison McDannaald. McDannaald is a medical student and came home from Louisville, Ky., on a vacation. Miss Waggy fired five shots at McDannaald, two of which took effect in the side and one in the back, either one of which the doctors will cause death.

About two years ago Miss Waggy sued McDannaald in the circuit court for \$5000 damages, charging him with deceiving her. The jury gave her a verdict of \$2000, and it is thought that this had ended the matter, but she says she has been patiently awaiting her day of revenge.

Former Texas Congressman Hurt.

Chicago, March 24.—General William Thomas Clark of Washington was knocked down by a cab while attempting to cross State street and severely injured. He is seventy-three years old, and having sustained, it is said, two fractures of the skull and internal injuries, his recovery is said to be doubtful. General Clark has the distinction of being the only surviving adjutant chief of staff of Grant's Army of the Tennessee. He served two terms in congress from Texas.

Lady Frightfully Burned.

Dallas, March 24.—While Mrs. Trainor, who conducts a boarding house in this city, was pouring gasoline, thinking it kerosene oil, upon some embers an explosion followed and the burning fluid was thrown over the lady. She ran screaming into the yard a mass of flames and was so frightfully burned that her recovery is doubtful. The damage to the house was small.

Mother's Unfortunate Mistakes.

Dallas, March 24.—The little daughter of Mr. and Mrs. Ed Foy lies in a precarious condition as the result of two mistakes of her mother. She was ill, and the mother gave her some medicine that was intended for Mr. Foy, who was also sick. Discovering her mistake the lady endeavored to give the child an emetic and unfortunately administered carbolic acid.

Failed to Rob the Bank.

Owingsville, Ky., March 24.—An attempt was made to rob the Salt Lick Deposit bank. Two explosions of dynamite at first failed to open the vaults, but aroused the citizens, who assembled before the robbers secured contents of vaults. The robbers escaped, but had previously robbed several stores. Bloodhounds in Lexington and Versailles were telegraphed for and a posse is in pursuit.

London Quoted Down.

London, March 24.—The colonial office received a dispatch from the governor of the Windward Islands, Sir Robert Llewellyn, from the island of Grenada, which says the features of the eruption of Soufriere are immense clouds of smoke and comparative absence of lightning. No damage has been done to Georgetown, St. Vincent, beyond a heavy fall of sand and small stones. The governor adds the volcano has quieted down.

Monitor Arkansas at New Orleans.

New Orleans, March 24.—The monitor Arkansas, for the St. Louis Exposition, arrived here.

Revolutionists in Complete Possession of That City.

GENERAL PENA SLAIN.

The Government Forces of the Republic of Santo Domingo Seem to Have Sustained a Most Disastrous Defeat.

San Domingo, March 24.—The revolutionists have attacked and captured one of the forts defending this city.

The garrison of Fort San Carlos, about two miles from this city, has declared itself in favor of the revolutionists.

President Vasquez is absent in the interior of the republic.

General Pepin, at the head of a force of revolutionists, attacked the fort at 1 o'clock Monday afternoon and released the political prisoners.

Many persons have been killed or wounded in the streets. The stores are all closed and business is at a standstill. Serious consequences are expected to result from the fighting between the government forces and revolutionists.

The revolutionists are in full possession of this city. They have taken charge of the cable offices and of the government land lines. Foreign Minister Sanchez has sought refuge in the United States consulate. Fighting continues.

Assistant Governor Echenique and also the government General Pena have been killed. It is expected that the government troops outside the city will attack the revolutionists who are in San Domingo. General Wos Gil has assumed command of the revolutionary forces. The number of men killed or wounded is not known, but it is reported many have been killed on both sides.

State Department Notified.

Washington, March 24.—Consul General Maxwell at San Domingo has cabled the state department that a revolution has broken out in that city and at hour he sent the cablegram heavy firing was in progress. No war vessel will be ordered to San Domingo for the present. The Atlanta is under orders to proceed from Pensacola to Monte Cristo, near Cape Hayti, and in the event of American interests being endangered at San Domingo she will go there.

SERIOUS AFFAIR.

Riot Occurred at Kingston, St. Vincent, and Several Killed.

Kingston, St. Vincent, March 24.—A serious riot was in progress at 2:30 o'clock Monday afternoon in Port of Spain, Trinidad, according to a dispatch received from that city. A mob attempted to burn the government buildings there and the police had to fire on the rioters, killed or wounded several of them. The British cruiser Pallas at the time the dispatch left, was landing blue jackets. The rioting was due to the refusal on the part of the government to withdraw an ordinance concerning the new waferworks, to protest against which several public meetings had been held. A demonstration was made during the day's meeting of the legislative council and finally the mob stoned the government building and set fire to it. The riot act was read and the police fired on the mob. The city is in a state of great excitement.

Occupied by Davilla's Forces.

Panama, March 24.—Advices received from Honduras by way of San Salvador, say that the forces under General Davilla, which are supporting General Bonilla, president-elect of Honduras, who is seeking to overthrow the power of General Sierra, the retiring president, have occupied the town of San Antonio, eighteen miles from Tegucigalpa, the capital.

Captured by Ladrones.

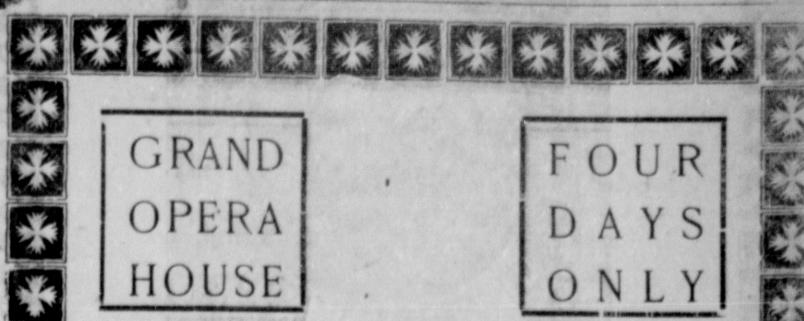

Manila, March 24.—The town of Surigao in the northeastern part of the island of Mindanao was captured by Ladrones, who killed Constabulary Inspector Clarke and several others. A detachment of 30 men of the Tenth Infantry under the command of Lieut. Patterson and Lieut. Brown is hurrying from Iligan to Surigao on the transport Reilly Woods to recapture that place.

Investigation to Be Made.

Guthrie, Okla., March 24.—Governor Ferguson forwarded a letter to the interior department asking an official investigation of the Oklahoma insane asylum and other matters affecting recent legislation in this territory. If considered of sufficient importance in the department a special agent will be sent to Oklahoma to make the investigation.

When She Will Be Liberated.

Washington, March 24.—Mrs. Maybrick's attorneys in this city received a cablegram from the American embassy in London confirming the news of her forthcoming release and adding that she would be liberated in July 1904.

A PROBLEM AND ITS SOLUTION.

The Houston Chronicle clearly points out the fact that fortunes like Rockefeller's, with his income of ninety thousand dollars a day, are fast getting to be a curse to the country—increasing the number of extremely poor and reducing the ranks of the one time great middle class. The Chronicle points out a remedy, to-wit, what it calls the democratic policy—tariff reduction and prohibition of monopolies.

Now the question arises, what is the democratic policy on these questions? The party has high tariff and low tariff factions, and who knows which would prevail in its councils if the party should come into power? As to the trusts, some democratic states have anti-trust laws and democratic officials to execute them, and the trusts flourish therein as elsewhere, only having to perform some little mummuries and subterfuges to evade the laws.

Somebody has said that the only plan that ever proves efficient for the correction of abuses in America is to let them alone or encourage their progress. They will finally get so bad they cannot longer be endured, and then the people rise regardless of party, and wipe them out. That looks to be the situation regarding the monopolies and trusts. It is a revolutionary process, and it looks as though it will take something revolutionary to shake off Rockefeller and his ilk.

Memphis Cotton Letter—Yesterday's Liverpool and New York Spot and Future Markets—Port Receipts

Yesterday and Comparisons.

Special to Geo. W. Smith, Jr.

Memphis, Tenn., March 24—Liverpool was unchanged for spot cotton today, but sustained a decline of 3½ points on arrivals.

May and June sold on first call at 5.25, declined to 5.24; advanced to 5.26 and finally closed at 5.23 to 5.24. Middling uplands were quoted at 5.38. Sales 7000 bales.

Discouraged by the easier feeling on the other side New York commenced the day 4 to 5 points lower on initial sales. May sold on the opening at 9.88, advanced to 9.93, declined to 9.90, advanced to 10 cents; then eased off and closed quiet at 9.95-96. Spot quotations were marked up ten points.

Middling 10.15. Sales, 430 bales.

The southern markets as a rule were steady and some of them fractionally higher.

New Orleans sold 3250 bales on a basis of 9.13-16 for middling, and Memphis sold 1050 bales at 9½ for same grade.

The port receipts aggregated 18,716 bales; same day 1902, 12,336; 1901, 21,616; 1900, 13,694; 1899, 27,376; 1898, 21,293. The interior cotton receipts were relatively small. The five principal towns received 6,447 bales against 12,314 bales for the same day last season.

New Orleans expects tomorrow 7000 to 8000 bales, same day last year 6,67. Galveston expects tomorrow 2000 to 3000 bales, same day last year 1529. Houston expects tomorrow 1100 to 1300 bales, same day last year 2915.

Liverpool showed every disposition to decline this morning, but New York has been very firm all day. Receipts were a little larger than expected, but the constant shrinkage on the visible supply keeps the public from selling. We rather look for a better market when the week's end figures transpire.

MAKE "13" THE JEST.

With Crepe on Door, Sit Down to a Dinner.

Baltimore, Md.—The number thirteen, jingled with symbols of death, played a strange part in a dinner given here tonight by Clinton Peters, a portrait painter.

It was the thirteenth anniversary of the Peters' marriage, and decree decreed that it should fall on Friday, March 13, 1903. Added together, the numbers in the year produce thirteen, and the first and last figures of the year also indicate the unlucky number.

The hour of dining was 7:15. Add it and there is the hoodoo number again. The letters in Mr. Clinton Peters' name add up to thirteen. Mr. Peters has three children—Ruth, Betty and Jack. The number of the letters of the three names is thirteen.

Superstitious persons will be horrified to learn that Mr. Peters in addition to the above, invited eleven guests to dine with himself and wife tonight, so there were thirteen at table.

Mrs. Peters tied a dainty bow of crêpe on her door bell at 7 o'clock. The guests wore sombre garments. The dinner was in thirteen courses and the menu cards were in shape of tombstones, with inscriptions, and weeping willows pictured on margins.

Hand painted plates were used with tiny coffins depicted upon them. Wreaths of immortelles

tied with small black ribbons lay beside each plate. Ices consisted of individual skulls with cherries for eyes. During dinner a funeral march was played.

MRS. BOEHME.

Dated at Kansas City.

Kansas City, March 24.—It was denied at the offices of the president and the superintendent of the Kansas City Southern Railway company that any strike among the telegraphers or trainmen was contemplated. At headquarters the striking machinists had no knowledge of any sympathetic strike on the part of the telegraphers.

Buffalo, N. Y., March 24.—Mrs Alice Hull Burdick, widow of Edwin L. Burdick, underwent a searching examination by District Attorney Coatsworth Monday evening at the resumption of the inquest into the death of her husband, who was murdered on Feb. 26. She was deathly pale and answered questions in a faltering tone.

Galveston, March 24.—Col. C. S. Riche, United States engineer, was advised by the war department that the contract for building the jetty at Aransas Pass had been awarded to H. C. Ripley of Ann Arbor, Mich., the lowest bidder at the recent letting when bids were invited in the open market.

QUIET RESTORED.

Warships in San Domingo Harbor Compel This Condition of Affairs.

San Domingo, March 24.—Quiet has been restored in this city by warships in port. Minister of War Richardo surrendered to the revolutionists and Minister of Ports and Telegraphs Castillo joined Foreign Minister Sanchez in seeking refuge at the United States consulate. Inhabitants of villages around this city are joining the revolutionary movement. No news is obtainable from the southern and northern parts of the island.

There was severe fighting Monday at La Vega, but the result is not known.

If the north and south refuse to join revolutionary movement the situation may become more serious than it is. Commerce is at a standstill, and there is considerable anxiety as to the future. A warship is going to San Pedro de Macoris, to the eastward of this city, in order to compel it to surrender.

The warship Presidente, which is off the northern coast of the island, is in possession of President Vasquez.

STATIONARY MONDAY.

Danger at Memphis Is Now Thought to Be Practically Over.

Memphis, March 24.—The river remained stationary all Monday at 39.5 feet and at night it was falling. The danger from the flood in this territory is considered to be practically over and no further developments of moment are expected in the natural course of events. The center of interest is now the situation south of Memphis, along the levees of Mississippi, Louisiana and Arkansas.

There has been considerable wind and this has caused uneasiness for those points along the southern levees that are but a foot or more above the flood. It was fair the greater part of Monday and the rain that fell in the morning was not heavy and was not considered cause for additional uneasiness.

In Good Shape.

Lake Providence, La., March 24.—Levee Commissioner Hamley has inspected the levee from Lake Providence to Point, a distance of fifteen miles, and reports all the levees in first class condition. The low places on the Fulton have been raised with sacks and planks and revetted. They can easily stand one foot more of water. The Wilson Point levee is also a little lower, but work is being done on it. All the levees throughout the parish are in fine shape with the exception of the stretch from Opossum Point to Ashton, in which there are low places.

THIRD ANNIVERSARY.

What Has Been Accomplished on New York's Rapid Transit Subway

New York, March 24.—The third anniversary of the beginning of work on the rapid transit subway has just rolled around. Contractor John R. McDonald asserts that the fight for trains to Harlem every fifteen minutes will have been won by the beginning of another calendar year. Up to the present time \$24,480,000 of the contract price (\$36,500,000) has been paid by the city to contractors. Of the total length of twenty-one miles of tunnel 95 per cent of excavating has been done. In the three years since the work was begun nearly 4,000,000 cubic yards have been taken from the heart of New York, enough to fill a square pipe three feet thick extending 2100 miles, or from New York to Santa Fe, N. M.

LARGE COAL DEAL.

Kansas Capitalists Acquire Controlling Interest in Territory Company.

South McAlester, I. T., March 24.—The largest coal deal in the history of the McAlester district has been concluded by which William Busby of Parsons, Kan., president and principal stockholder of the Great Western Coal and Coke company, acquires a controlling interest in the Osage Coal and Mining company, the oldest coal company in this section. Mr. Busby has bought two-thirds of the stock in the company formerly owned by the Goulds for \$200,000. The remaining third is owned by the Missouri, Kansas and Texas railway.

One Foot Higher.

Helena, Ark., March 24.—The Mississippi Monday morning registered half a foot more than has been predicted up within the past few days, the gauge registering 50.5 at the early reading. Monday night a further size of fifteen hundredths was recorded. Altogether the outlook here is more cheerful than at any time within the past three weeks.

Charges Not Justified.

Washington, March 24.—Secretary Root took official action on the charges made by E. C. Rathbone against Brigadier General Leonard Wood. He made an endorsement on the papers saying that no answer to the charges was required from General Wood and that no action will be taken thereon; that it was known to the secretary of war that the charges in every respect were without justification.

Complimented Highly.

Greenville, Miss., March 24.—Captain C. H. West, the chief engineer, arrived from the lower end of the district. He complimented very highly the officers in charge of the whole lower system and said if watchfulness, faithful service and daylight could prevent an overflow, the district would pass without it this year.

One Thousand Dollars Bet.

New York, March 24.—An offer to bet \$1000 even on Terry McGovern against Young Corbett in the fight at San Francisco next Tuesday night has been made here.

Surigao Is Relieved.

Manila, March 24.—The town of Surigao, in the northwestern part of the Island of Mindanao, which was captured Sunday by Ladrones, has been relieved. American officials and foreigners were found to be safe.

HER NEW TITLE.

Princess Louise of Tuscany Will Be the Future Appellation.

New York, March 24.—It is learned from an authoritative source, says a Vienna dispatch that former Crown Princess Louise in future will bear the official title of Princess Louise of Tuscany, with honors due a royal high-

ness. Her father, as Grand Duke of Tuscany, has the prerogative of granting titles and has conferred this one upon his daughter with the consent of the emperor. It is said the king of Saxony's manifesto caused an unpleasant sensation at the grand ducal court, and that a reply formally protesting is now upon the way to Dresden. The Allegemeine Seitung announces that the princess is also about to publish a reply to the manifesto.

KILLS HER OFFSPRING.

After Doing This Dreadful Work She Fatally Cuts Her Own Throat.

Sturbridge, Mass., March 24.—Mrs. Peter Burke of Fiskdale, after cutting off every means of escape by fastening windows and doors, crushed in the heads of her four small children with an axe, threw their bodies into a closet, scattered oil over them and herself and then, after setting all on fire, ended her own life by cutting her throat. The children were Lilla, six years old; William, five; Louise, fifteen months, and May Rose, five months old.

In Favors of Parents.

Chicago, March 24.—Under the title of "An Ordinance to Prevent Unjust Discrimination by Landlords Against Parents," Alderman Jonathan Ruxton introduced in the city council a measure intended to make liable to a fine of not less than \$5 or more than \$100 owners and agents of flat buildings in Chicago, who refuse to rent apartments to persons with children unless such agents and flat owners are able to prove children of prospective tenants are peculiarly boisterous and disagreeable.

Judicially Dead.

Chicago, March 24.—A dispatch to the Tribune from Mount Vernon, Ill., says: The Illinois appellate court for the Fourth district has decided that when a man is sent to prison for the murder of his wife he is judicially dead and his children are entitled to the insurance on the life of the murdered woman, even if it was taken out in favor of her husband. This is said to be a point of law never heretofore raised or passed upon by the supreme court or either of the appellate courts of this or any other state.

Clarke Stated.

Washington, March 24.—The Post says: Mr. E. E. Clark, of Cedar Rapids, Ia., president of the Order of Railroad Conductors, is slated for the place of assistant secretary in the department of commerce. Mr. Roosevelt told a caller recently that he had practically decided upon an assistant secretary, and a western senator is authority for the statement that Mr. Clark is to be the appointee in view.

Work on Sycamore Levee Steps.

Natchez, Miss., March 24.—Work on the Sycamore levee has been discontinued and reports are favorable. Black river is filling with water from Bongere crevasses. Farmers around Sycamore, Stacy and Fugmore are sending stock out. An attempt will be made to send feed for stock into Concordia parish.

Four Drummers Drowned.

Memphis, March 24.—J. R. Hood, an Arkansas lumber man, whose home is here, returned from Gavin, Ark. He reports that Saturday a boat containing four drummers and two negroes was swept under the Frisco track in a creek. It was overturned and all were drowned. The drummers were being rowed across the flooded territory to Mound City, Ark., to take a boat for Memphis. Their names are not known.

Tuesday's River Bulletin.

Washington, March 24.—The weather bureau issued following special river bulletin: Mississippi river continues to rise below Memphis and fall northward to Cairo at about same rate as during two days preceding. Stages were as follows: Cairo, 48.0 fall of .7 foot; Memphis, 39.4, fall of 1 foot; Vicksburg, 51.3, rise 4 foot; New Orleans, 30.0, fall 1 foot.

Coal Operators Restrained.

Chicago, March 24.—Ten Indiana coal companies and ten individual operators were restrained by Judge Kohlsaat in the United States circuit court from continuing their combination of regulation of coal prices and output. Defendants were given until April 6 to show why the order should not be made permanent.
